

TSK II Series

IN-LINE CENTRIFUGAL DUCT FAN

In-Line Centrifugal Duct Fan – TSK II Series

- TSK II series are designed for direct in-line connection with industrial circular ducting of standard diameter.
- Suitable for applications in residential, commercial and industrial exhaust and supply ventilation such as bathrooms, kitchens, offices, factories, shops, bars, gymnasiums, restaurants etc.
- Complete range of inlet and outlet diameters to allow installations in most standard sizes of commercial ducts.
- The motor and impeller assembly are suitable for operation at any angle and deliver exceptional airflow performances against the high static pressures typically found in ducted ventilation systems.
- All TSK II series fan casing are manufactured from corrosion resistant pressed galvanised sheet steel.
- Non-stalling backward curved impeller which is factory matched to the corresponding external rotor motor and dynamically balanced to ISO 1940 standards for vibration free operation.
- All models are supplied as standard with a remotely mounted wiring junction box to provide the installer with a completely flexible choice for positioning and installation.
- Motors of this TSK II series are fully speed controllable using electronic or auto-transformer voltage control regulators.
- Enclosed, single phase, 230V, 50/60 Hz external rotor type, motors included sealed for life ball bearing assemblies and Class B, IP44 protection with an internal automatic reset safety thermal overload protection device as standard.
- Operating temperature - 40 °C to +40 °C

Dimensions

Model	A	B	ØC	ØD	Wt (kg)
TSK II 100L	194	23	243	98	3
TSK II 125L	195	27	243	123	3
TSK II 160L	222	28	333	157	5
TSK II 200L	223	25	333	198	5
TSK II 250L	206	27	333	248	6
TSK II 315L	230	25	401	312	8

Kruger* certifies that the TSK II series shown herein is licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA publication 211 and AMCA publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

- Speed (RPM) shown is nominal. Performance is based on actual speed of test.
- Performance ratings do not include the effects of appurtenances (accessories).
- dB(A) at 3m with ducted inlet and outlet at free field conditions.
- dB(A) sound pressure levels are not licensed by AMCA International.

Performance Data - 50Hz

Performance Data - 60Hz

- Speed (RPM) shown is nominal. Performance is based on actual speed of test.
- Performance ratings do not include the effects of appurtenances (accessories).
- The A-weighted sound ratings shown have been calculated per AMCA International Standard 301. Values shown are for inlet LwiA sound power levels for installation type D: ducted inlet, ducted outlet. Ratings include the effect of duct end correction.
